## **Declaration of use of GAI tools**

I/we used generative artificial intelligence (GAI) to complete this project (tick the box). List the GAI tool(s) you used (remember to specify version):

- ChatGPT
- Gemini

I/we used GAI tools in the following way (See accompanying list of possible uses for inspiration)

| EXAMPLES OF LEGITIMATE USE CASES                    |
|---|
| FOR GAI   |
| For inspiration in formulating a thesis statement   |
| For inspiration in relation to choice of theory and |
| method  |
| For feedback on own text                            |
| For alternative ways of formulating text            |
| To get started on my/our writing                    |
| To understand a topic better                        |
| To aid me in my reading process                     |
| I/we write about the topic of GAI in the project    |
| To find gaps in our knowledge                       |
| To get started on my/our search for information     |
| For programming tasks <b>X</b>                      |
| For data analysis                                   |
| To create diagrams                                  |
| Other use case(s) (specify):                        |
|   |
|   |

For each relevant use case, explain how you used GAI (see an explanation of the various possibilities on Studypedia). For example, if you used GAI to generate information, explain how you did this and how you used the output in your paper.
